

High school students are guests of the Office of Admission if registration is received by 11/16

The [Admission Office of Lebanon Valley College](#) invites high school students and their families to explore music industry careers and music industry/recording programs at LVC.

A special early-registration discount to the conference is available for high school students and their families. The early registration allows full access to the conference, lunch, and special meetings at the beginning and end of the conference with an Admission representative, faculty, and tours of the studios with current LVC music business and recording students.

This is a unique opportunity for students and parents to get insight into what is really happening in the industry, meet with industry professionals, and interface with current majors.
